		6/30	▶ Deadline for schools to submit test results	
	Year 2 participation	Spring	▶ Deadline for families to affirm their interest in rolling over to Year 2	

## Looking ahead to Year 2:

### **Application process**

We are currently in the process of planning the application process for the 2024-2025 school year. While current EFA students will continue to receive funding, we intend to open applications for new students in early 2024.

### **First quarter disbursement**

We anticipate approved first quarter payments to be made to schools by September 2024, following verification of student enrollment in August.
