# Welcome

*“For they (art and music) are not the thing itself; they are only the scent of a flower we have not found, the echo of a tune we have not heard, news from a country we have never yet visited.” - C.S. Lewis*

**At CAC,** we recognize the indispensable role the arts play in student development. Beyond the dedication and perseverance needed to prepare for a performance, the arts cultivate a diverse set of skills. These skills include the teamwork required to stage a play, conduct a choir show, or synchronize a marching band, as well as the meticulous attention to detail necessary for ceramics and other fine arts. Creativity and self-expression thrive through activities such as drawing, painting, and digital media. Students also develop critical thinking by analyzing both visual and performing arts and build resilience through rigorous practice and the exhilarating culmination of performance.

Most importantly, the arts act as a channel to the heavenly beauty that enriches both creators and spectators alike. We are deeply appreciative of the dedication shown by our teachers and students as they explore and share the profound beauty of the arts at CAC. Through their efforts, they illuminate the divine creativity and inspire a deeper connection with our Creator, reminding us of the eternal beauty that awaits us.

Mrs. Hinojosa

**Hannah Hinojosa** has taught visual art for ten years, and has taught at CAC since 2019. Mrs. Hinojosa has Bachelor's Degree in Fine Art from Harding University and a Master's Degree in Education from the University of Arkansas at Little Rock. She and her husband have been married for fourteen years and have a dog named "Fitz."

Mrs. Hinojosa is passionate about the art making process and the color teal. Her favorite types of art to make are pottery, printmaking, and oil painting, mostly in teal and purple (though she has also been know to use other colors such as golden yellow). Mrs. Hinojosa and her husband are both artists. His favorite color is red. They enjoy screen printing and making woodworking projects together. They also enjoy debating whether Mr. Hinojosa can truly say that his favorite color is black since black isn't really a color (it's a neutral combination of all the colors). Mrs. Hinojosa also creates pottery making videos for her YouTube channel, Arkansas Potter.

Mrs. Hinojosa currently teaches middle and high school art classes, Art Foundations, Drawing, Painting and Ceramics. Her favorite thing about teaching is getting to see her students look back at their work and see how much they have grown as artists.

Mrs. Pollard

**Laura Pollard** is in her 2nd year teaching music at all three CAC elementary campuses. She spent her first thirteen years teaching music in the Little Rock School District at Don Roberts Elementary. Starting at the early age of 3, Mrs. Pollard and her entire family were very active in multiple musical performances with the Little Theater of Crittenden County in West Memphis, AR, choreographing and acting in multiple shows all the way through high school. While at Don Roberts Elementary, she co-directed 13 musicals featuring 4th and 5th graders including Aladdin Kids, Beauty and the Beast Jr., Lion King Kids, Seussical Kids, and Annie Kids.

“I was absolutely blown away by the high level of talent the students in the CAC Theater Department had to offer and was thrilled and grateful to have the opportunity to direct Annie Jr. at the secondary campus this year.”

*Mrs. King-Barr*

**CAC is thrilled** to announce Rachael King-Barr as our new Drama Teacher for the 2024-2025 school year! Mrs. King-Barr earned her Bachelors of Fine Arts in Theatre from the University of Central Arkansas and her Masters of Fine Arts in Theatre Directing from The University of Memphis. Previously, she taught at The University of Memphis and Crichton College. For the past ten years, Mrs. King-Barr worked at Briarcrest Christian High School as Director of Theater and teaching Communications.

Mrs. King-Barr is thankful for her supportive husband, Douglas Barr and her greatest blessings, her children—Hadley (11) and Hudson (9).

Welcome to the Mountain, Mrs. King-Barr. We are excited to have you here!

Mrs. Owens

**Hannah Owens** has been in the classroom a short time, but she says she has loved getting to see students' creativity come to life. Student Media classes offer students an opportunity to learn more about various fields in communications and can lead to further study in journalism, marketing, advertising, public relations, digital media, and much more. Students complete projects in areas of writing, photography, videography, graphic design, and web design. Her professional experience includes 13 years of digital content creation and design for various brands, and brings that experience and real-life projects into each class. Something that is important to her is pushing her students to think outside the box and unlock skills and creative brain pathways they've never explored before. Hannah also serves CAC as athletic communications director. She has been married to Taylor for 11 years and feels very lucky to know and love him.

One of my favorite projects this year was working with my higher-level digital mixed media students to write and illustrate a children's book for our new Mustang Mountain Elementary kindergartners and presenting it to them in chapel (pictured above). Watch the video below to hear the story narrated some of the kindergartners and see the students' illustrations and story come to life.
